MEGA GUIDED PROJECTS
Completion Certificate

TMLC

With the successful commencement of Mega Guided Projects,

TMLC certifies that **Tuhin Majumdar** has completed the Machine Learning Guided Projects Program successfully from 08/04/2023 to 30/07/2023. They have worked on the four prominent domain of Data Science viz. Machine Learning, Deep Learning, Natural Language Processing and Computer Vision.

During the course, they have portrayed exceptional competency and presented every task with utmost diligence. With the program, the said learner has gained hold on crucial skills of the industry that included Docker, Cloud Deployment, Explainable AI, Git, Streamlit, MLOps, Flask, AWS, NVIDIA Rapids and many more.

We congratulate them for achieving this milestone and wish them the best for their future endeavors.

Sincerely,

Saurabh Shahane
